

Supplies Needed for Santos Doll Class (NOTE: Please purchase the suggested supply links listed below for a successful project. Purchasing less expensive tools has proven non-successful projects and frustrated students):

- **Cookie sheet for your solder station**
- **Soldering iron** (WELLER 100 WATT/Model W100PG)
<https://glasssupplies41.com/product/weller-100-watt-w100pg-temperature-controlled-soldering-iron/>

- **Sal Ammoniac block** <https://glasssupplies41.com/product/large-block-8-oz-sal-ammoniac/>
- **Paint brushes**
- **Scissors**
- **Pliers set**
- **Rag or Towel**
- **Apron**

Optional items:

Any bits and pieces you would want to personalize your Santos doll with. If you are going with a certain theme for your doll, be sure to bring items that can work with the transformation of the doll.

Teacher will bring:

- Paints
- Rubber stamps
- Flux brushes
- Sponges for soldering stands
- Burnishers for copper tape application
- Crackle medium
- Dark wax for antiquing

Kit (\$75): Santos Doll body and arms, copper tape, wire for the armature, wood platform, cage dress wood sticks to solder
