

Linda Robertson Supply List

All basic supplies are included except your choice of Encaustibord or wood panels (if you are just getting started, an 8 x 10 or smaller Encaustibord or wood panel is ideal; if you are more advanced, you're welcome to bring anything up to 16 x 20 or so), but feel free to bring your favorite thin papers and rubber stamps with you too. Don't worry if you haven't tried anything like this before. I'll have lots of materials available for you to play with, and you can work in any style you choose.

Even if you're an experienced encaustic painter, there's always something new to experiment with. Come with an open mind and ready to create exciting work in a fun, supportive atmosphere.
